## Learning

Diabetes Education  
Presentation

Close Reading in K-2

School Plan: Where we are and  
where we are going

## Independent work

examples:

- Review new Math curriculum and planning tools created by province and district.
- Plan reading instruction using implementation guides
- Elaborate pieces of year long plans into mid range and daily lesson plans.
- View recorded sessions and asynchronous learning modules created for educators and EAs by EECD and district

## Collaboration

Small teacher groups  
examples:

- Explore literacy screener data and plan for instruction.
- Formulate an inquiry (if we . . . then students will . . .) around a problem of practice and develop an action plan
- Co-plan learning opportunities around skill descriptors in multiple subject areas.

Teacher and EA pairs:

- Discuss last few weeks' successes and what's working well
- Plan for alternate/new strategies
- Clarify expectations and develop common language
- Discuss upcoming learning targets and how EA can support
