Lunch Program

As a prototype school, we've had early access to the provincial lunch program and have been helping test updates as the team learns and improves the system for multiple schools. If you experience any ordering issues, please message the team directly through the ordering app—they are very responsive and helpful.

In the ordering app, make sure you've selected "pick-up" and then "school lunches." Then you will be able to choose CCS.

Please reach out to Mrs. K. if payment is a barrier to your child participating in the lunch program.

WEDNESDAY FREE LUNCH

chicken strip meal
